

Omni directional 7.5 dBi antenna 2.4 GHz

Omni Directional Antenna 7.5 dBi

This antenna is ideally suited for use at the central access point for indoor & outdoor applications, ceiling or shelf mounted but also for mobile clients because it is lean, light and the shortest antenna in it's class

(ideal to carry in the briefcase of notebook PC's. Special mounting kits for vehicles or masts are available on request)

Each antenna set includes:

- antenna
- Aluminum socket for mounting

Technical Specifications of Antenna	
Electrical	
Operating Range	2400-2500 MHz
Gain, dBi	7.5
Horizontal Beam Width, degree	360
Vertical Beam Width, degree	30
Impedance, Ohm	50
VSWR	1.5
Side lobe, dB	< -21
Mechanical	
Weight	68 g
Dimensions, mm	Diameter 11 / length 210
Radome Material	Aesthetic UV-inhibited white plastic
Polarization	Vertical
Connector Type	SMA plug on cable (white, 1.5 m length)
