

Directional 7.5 dBi antenna 2.4 GHz
Flat patch - wall mounting

Flat Patch Antenna 7.5 dBi

This antenna is ideally suited for use at the client PC's and also for both indoor and outdoor applications, wall or mast mounted.

Each antenna set includes:

- antenna
- screws

Technical Specifications of Antenna	
Electrical	
Operating Range	2400-2500 MHz
Gain, dBi	7.5
Horizontal Beam Width, degree	50
Vertical Beam Width, degree	70
Impedance, Ohm	50
VSWR	1.5
Side lobe, dB	< -15
Mechanical	
Weight	104 g
Dimensions, mm	112 x 112 x 9
Radome Material	Aesthetic UV-inhibited white plastic
Polarization	Horizontal and Vertical
Wind Survival	200 kmph
Cable Type	RG 316 length 2 m Ø 2.5 mm, high flexibility
Connector Type	SMA – plug
